Global Commitments

**SUSTAINABLE DEVELOPMENT GOALS**

- 1.4 Access to basic water for all
- 1.4 Access to basic sanitation for all
- 6.1 Access to safely managed drinking water for all
- 6.2 Access to safely managed sanitation for all
- 6.2 Access to basic hygiene for all

**MILLENIUM DEVELOPMENT GOAL 7 - WATER AND SANITATION**

- To halve the proportion of people without basic sanitation
- To halve the proportion of people without access to safe water

---

**87%**

Have access to 'at least basic water' (2015)

- 74% rural
- 93% urban

**65%**

Have access to 'at least basic sanitation' (2015)

- 51% rural
- 73% urban

**No data**

on access to 'basic hygiene'

---

**28%**

of population defecate in the open (2015)

**10**

total deaths due to diarrhoeal diseases among children under 5 (2015)

**100%**

schools with sanitation services (2013)

**95%**

schools with water services (2013)

**6**

number of deaths due to diarrhoeal diseases caused by poor WASH among children aged under 5 years (2015)

---

**$200 million**

Total Overseas Development Assistance (ODA) received (2015)

**$24.3 million**

(12.2%) spent on water/sanitation

---

**Regional comparisons**

Access to 'at least basic sanitation' (2015)

- 50-69.9%
- 30-49.9%
- 10-29.9%
- 80-89.9%
- 70-79.9%
- 60-69.9%
- 50-59.9%

Access to 'at least basic water' (2015)

- 80-89.9%
- 70-79.9%
- 60-69.9%
- 50-59.9%

---

Based on current rates of progress Cape Verde will reach everyone with...

- at least basic water in 2039
- at least basic sanitation in 2034
- basic hygiene services in no data

---

Top WASH Donors

- U.S.A $9,625,818
- France $8,323,374
- Japan $3,138,405
- Luxembourg $3,002,073
- European Union $25,103
